

RAMCLEAN 800

Specialty: high temperatures 230°C-360°C

PP, PE, PA, PC, PS, EVOH, ULTEM, PEX, PPO, PPS, Polysulfane

RAMCLEAN 800 is a new products - a **Smart purging agent; Non-Corrosive, Non-Abrasive and Non-Toxic** is designed to clean materials with working temperatures **230°C – 360°C**: PP, PE, PA, PC, PS, EVOH, ULTEM, PEX, PPO, PPS, Polysulfane and more.

Based on a proprietary formulation using ingredients that are **REACH** and **FDA** compliant.

Only prime materials are used in a unique and highly effective mix of physical agents (push, scrub & pressure) & chemical (react with the resin).

Easy to use - "AS IS" - no mixing or any further preparation is required. It is **safe to use and handle** and doesn't damage machinery after years of use providing continuous positive results.

Our specialists: preventive purging is highly recommended in keeping equipment clean. Frequently scheduled and shorter purges will be more effective than purging only when problems are observed.
